

## **Prognosticators Scoring Criteria**

Scoring system for regular season championship with value given for being closest to exact score and with less emphasis on margin of victory (MOV).

**Exact score = 7 points**

**1 off exact score = 6 points**

**2 off exact score = 5 points**

**MOV = 4 points**

**3 off exact score = 3 points**

**1 off MOV = 2 points**

**4 off exact score = 1 point**

If your score covers more than one of the above only the higher value applies. In the event we all fall outside of these parameters the closest to the exact score and ties will receive 3 points. Good Luck!
